

Triad Math, Inc, TMI, Affiliate

A TMI Affiliate can earn money with No Selling by simply helping any Homeschool Students or Families and doing three easy things.

First, Give some Homeschool Students Free Gifts by sending them to

<https://craighane.com/gifts/>

One of these Gifts will be an Online Program (Nine Lessons) on How to perform basic arithmetic operations using the TI-30Xa Scientific Calculator.

Second, Tell the Homeschool Student and Family YOUR experience with Dr. Del's Math. You must have completed G15 of Tier 2 to qualify as an Affiliate.

Third, give them your Affiliate CODE to Enter in Line 5 when they Claim their Free Online Program Gift.

That's all you do!

The Affiliate will receive a 20% commission on any of the Products Triad Math sells to the this Student or Family in the future.

Examples:

Suppose a Customer buys the Tier 2 Program for \$197.

The Affiliate would earn \$40. We rounded up!

Suppose a Customer starts off with the Master the Scientific Calculator Program for \$14.99. The Affiliate earns \$3.

Suppose the Customer joins the Crusade for \$29/Month.

The Affiliate earns \$6/Month for as long as the Customer stays in the Crusade.

For example, for two years, $24 \times \$6 = \144

So, as you see, if an Affiliate recruits a lot of Customers the Affiliate can earn a lot of money spread out over the future.

Suppose the Affiliate will earn an estimated \$100/Customer over time.

10 Customers = \$1000, 100 Customers = \$10,000, No Limit!

Only time will tell how much any Affiliate will earn.

How much will the Affiliate be earning per hour for the Affiliate's efforts?

How much time will it take for an Affiliate to tell a Homeschool Student or Family about the Gifts and the Affiliate's experience with Dr. Del's Math?

I would think not very much time if the Affiliate does it efficiently.

With Social Media and Email and modern technologies it might be a very short amount of time per Customer.

For example, if it takes 15 minute to tell a Student or Family about the Free Gifts and 1 in 4 then buys products, how much would the Affiliate earn per hour?

Bottom Line; Help a lot of people improve their lives dramatically.

NO selling. Just educate people by sending them to <https://craighane.com/gifts/>

Your Recommendation could go a long ways to creating a customer!

The TMI Affiliate Program is a sort of 'partnership' to help students and their families find the best possible Math Education Resources available today.

Our MAIN MISSION is to help people improve their lives! At No Risk!

As you know Modern 21st Century Technologies have revolutionized both Math Education and the Application of Math to the Workforce and STEM.

You may fully educate yourself, as a really good Affiliate should, by simply reading or listening to Dr. Del's book: *How and Why Homeschool Math can be vastly Superior to Public School Math*

A better book name could be: *How and Why 21st Century Math is vastly superior to 20th Century Math.*

Go to: <https://craighane.com> to get your free copy of this book, and much more.

Apply to become a TMI Affiliate:

Contact by phone at 812-355-3030 Ext 402 M – F, 10AM – 4PM EST.
