

You're an affiliate – now what?

1. Now that you have been accepted as a Triad Math, Inc. affiliate, you have the ability to track your sales commissions.
2. Login to your user account (not where you take courses, but where you can see your existing orders and payment methods) at: <https://www.triadmathinc.com/my-account/>

Login

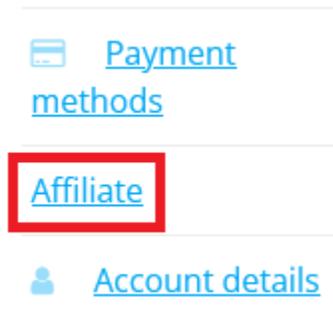

Username or email address *

[Lost your password?](#)

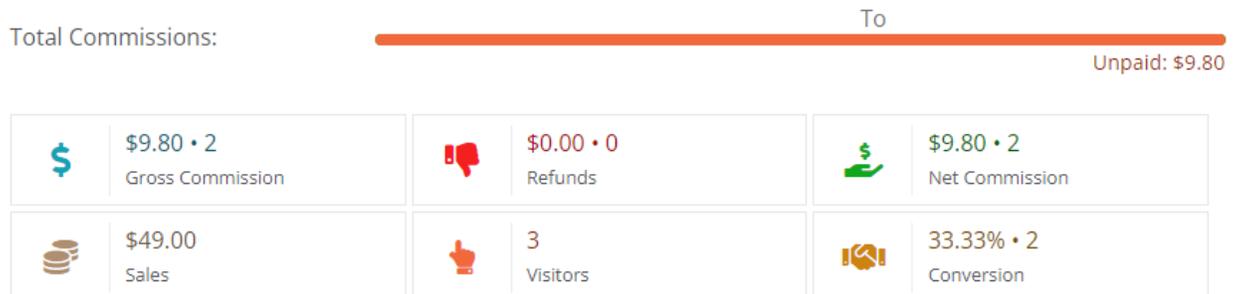

3. Once logged in, click on “Affiliate” from the menu on the left side.

4. Once your affiliate page is pulled up, you will see two tabs, Reports and Profile.

5. The Reports tab is selected by default.
6. On the Reports tab you will see your:
 - a. Commissions

- b. Products purchased by those using your referral link

Products

Product	Quantity	Sales
Dr. Del's Math Enhancement Pro...	1	\$49.00
Calculator Lessons - Free	1	\$0.00

- c. Who purchased products that you earned a commission on, and when

Referrals

Order ID	Date	Customer	Commission	Payout status
5386	April 12, 2022	Stephanie Worden	\$0.00	●
5011	February 15, 2022	Stephanie Worden	\$9.80	●

- d. Payout history

Payout History

Date	Amount	Method	Notes
------	--------	--------	-------

No payouts to show

7. To view/edit your profile, click on the profile tab.

- a. **Affiliate Identifier** – by default, your affiliate identifier will be a number. If you would like to change your identifier, please see the “Affiliate – change affiliate identifier” PDF download

Your affiliate identifier is: sworden

- b. **Referral URL** – below your affiliate identifier you will see the default referral URL. You won't use this much. The important part of the URL is at the end: ?affiliate=sworden , in this case, and will be used in the Referral URL Generator.

Your referral URL is: https://www.triadmathinc.com/?affiliate=sworden

- c. **Referral URL Generator** – this allows you to create a URL that will take a customer directly to a page on our web site that explains a product and provides a way to purchase that product. As long as your affiliate identifier is on the end of that URL, you will be credited for any purchases the customer makes during that purchase session.

Referral URL generator

Page URL: <https://www.triadmathinc.com/>

[?affiliate=sworden](https://www.triadmathinc.com/?affiliate=sworden)

You type the web page in the box where it says “Enter target path here”.

For the “**Fractions Made Easy**” or the “**Master the TI-30Xa calculator**” course, type: [fractions-made-easy/](https://www.triadmathinc.com/fractions-made-easy/) in the box and the page will automatically create the Referral URL.

For the “**Practical Math Courses**”, for one student or a whole family, type: [math2/](https://www.triadmathinc.com/math2/) in the box.

Page URL: <https://www.triadmathinc.com/>

[?affiliate=sworden](https://www.triadmathinc.com/?affiliate=sworden)

Referral URL: <https://www.triadmathinc.com/fractions-made-easy/?affiliate=sworden>

To copy the URL, hover your mouse over the URL and you will see a “Click to copy” message appear.

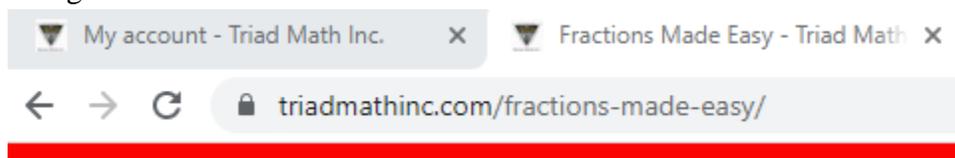

Referral URL: <https://www.triadmathinc.com/fractions-made-easy/?affiliate=sworden>

Click with your left mouse button. It will look like nothing happens, but go to a new web browser window or email, right-click, and then click “Paste” from the pop-up window.

and then hit the “Enter” key on your keyboard.

Once the page loads, you will notice that the `?affiliate=sworden` (or whatever your affiliate ID is) disappears. This is perfectly normal! The web browser will retain your affiliate ID in the background until the web browser is closed.

Once the purchase is complete, you will see your commission listed on Reports tab.
