

## OPTIMAL MATH CURRICULUM EVALUATION CHECKLIST

Evaluate any post-elementary math curriculum using the checkboxes on the left.  
Then compare that curriculum to Triad Math's curriculum.

FEATURES	COMPETING CURRICULUM	TRIAD MATH
1. The curriculum teaches the student how to master a <b>scientific calculator</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. The student can learn practical algebra, geometry, & trigonometry in <b>1 semester</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3. The curriculum <b>provides a foundation</b> for the 21st-century technical workforce.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4. The curriculum prepares the student for standardized tests like the SAT and ACT in <b>1 year</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5. The curriculum <b>does not introduce</b> theoretical topics like irrational numbers <b>prematurely</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6. The curriculum has <b>excellent heuristic</b> proofs but <b>not boring, pedantic, rigorous</b> proofs.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7. The curriculum teaches <b>21st century STEM</b> math utilizing a <b>21st century "miracle math tool."</b>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8. The curriculum teaches <b>advanced</b> pre-calculus, calculus, & differential equations in an <b>easy-to-understand way</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
9. The curriculum includes sample standardized tests with <b>test-taking tips and techniques</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
10. The curriculum provides <b>access to an expert math teacher</b> via tutorial videos and a student forum.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
11. The curriculum is <b>self-paced</b> and <b>available 24/7</b> to fit the student's schedule.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
12. The curriculum is <b>interactive</b> and includes <b>review tests</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
13. The curriculum provides <b>record-keeping tools</b> like grade reports.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
14. The curriculum provides <b>student support</b> for math questions via a <b>forum</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
15. The curriculum provides <b>parent support</b> for questions via a <b>forum, by phone, or email</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
16. The parent or guardian <b>does not need to know</b> the math being taught and will act, instead, as a <b>Coach</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
17. There are <b>no expensive</b> textbooks to purchase.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
18. An <b>entire family</b> can enroll for \$29 per month.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
19. Customers can try the curriculum with a <b>no-risk, money-back guarantee</b> .	<input type="checkbox"/>	<input checked="" type="checkbox"/>
